

THE ORANGERY TABLE

The orangery table in oak | natural (oiled)

DESCRIPTION

A beautifully balanced A-frame table with strength at its heart.

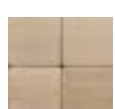

Made to measure to ensure your table fits your space perfectly. The orangery table looks beautiful at any size, but the strong A-frame design works practically and aesthetically at large sizes too – six metres is the longest so far...

Our orangery table is typically made in solid oak. Our lighter finishes give the table a more relaxed look, and our darker finishes can feel modern or historic depending on their surroundings.
