

## OAK | MID FUME (OILED) F.09

### MOOD

---

Warm and neutral. A versatile, oiled finish - refined and grounded in equal measure.

A traditional surface that we love to use on busy dining table tops.

### SURFACE

---

Our oiled finish on oak is hard wearing and resistant to wine, juice and olive oil spillages.

### CONSIDERATIONS

---

Our hand applied finishes and the natural timber we use will vary slightly.

A kit will be supplied for the upkeep of your commissioned piece.

### SAMPLES

---

Wood samples of this finish may be ordered at a cost of £20 + vat each (including postage).
