

SYCAMORE | WARM F.20

MOOD

Warm and true. The seasoned, oiled surface of an English country house kitchen preparation table.

A protected surface that works brilliantly for kitchen work tops.

SURFACE

Our oiled finishes on wood are hard wearing and resistant to wine, juice and olive oil spillages.

CONSIDERATIONS

Our hand applied finishes and the natural timber we use will vary slightly.

A kit will be supplied for the upkeep of your commissioned piece.

SAMPLES

Wood samples of this finish may be ordered at a cost of £20 + vat each (including postage).

Contact camilla@matthewcox.com to request samples.
